AGREEMENT FOR INSTALLATION OF UNDERGROUND CABLE AND FACILITIES RELEASE OF LIABILITY

_____ hereby grants Dahlberg Light & Power Company permission to install underground cable on the following described property:

In consideration of installation, understanding the company is providing service for the customers benefit, he/she agrees to the following conditions:

- 1) The reasonability of the installation shall be determined by the company at a location mutually agreed upon as provided under the company extension.
- 2) The customer agrees and understands that it shall be necessary, before underground electric facilities have been installed, to advise the company (in writing) of any changes of condition of the above described property immediately.
- 3) The company shall be notified in advance of any changes in grade after the underground electric facilities have been installed and the company shall be reimbursed for any and all costs incurred to relocate cable and associated facilities as a result of such change.
- 4)** The customer shall list below and flag the location on the property of any underground pipe lines, wire lines, boundary markers or other facilities and agrees that the company will not be responsible for damage to any facilities not flagged and listed with the company.
- 5) Rate File Sheet No. 36/37
State of Wisconsin/Public Service Commission Amendment No. 59
UR-14 (5-84)

301.5 Construction Standards and Facilities Provided by Utility

The utility shall provide safe, reliable service with extensions that conform to the extent possible, to each of the following standards:

(Route) The Utility shall make the extension over the most direct route which is the least expensive and the least environmentally degrading. The customer shall provide or shall be responsible for the cost of all right-of-way easements, and permits necessary for the utility to install, maintain or replace distribution facilities. The customer shall either clear and grade such property or pay the utility to grade such property. The customer is responsible for the cost of restoration of the property after the utility has completed installation and backfilling where applicable.

- 6) THE COMPANY SHALL NOT BE LIABLE for damage to trees, shrubs, lawns, fences, sidewalks, buildings, etc., or other obstructions above or below ground level, incident of the installation, maintenance or replacement of underground facilities, unless caused by it's own negligence."

I HAVE READ AND UNDERSTAND THE ABOVE INCLUDING THE RELEASE OF LIABILITY
